EDUCATION

University of Cincinnati, Cincinnati, Ohio Expected Graduation: August 2027
Bachelor of Science, Computer Engineering / Bachelor of Science, Electrical Engineering GPA 3.39
Dean's List, Electronics I & II, Electromagnetics, Probability and Statistics

Kookmin University, Seoul, South Korea December 2026
Bachelor of Arts, Political Science GPA 4.00

Dupont Manual High School, Louisville, KY Graduated May 2022
Valedictorian, Governor's Scholar GPA 4.21

EXPERIENCE

Production Engineering Co-op, Toyota (TMMI), Princeton, IN Summer 2025

- Overhauled two pieces of fuel tank installation equipment to shorten cycle time by four seconds
- Procured responsibility for line stopping box construction to prevent final assembly defects
- Replaced unexpectedly perforated race car engine to reenter live competition
- Hosted interview podcast with full-time engineer for nationwide company campuses
- Developed engineering process using Toyota business practices and feedback from previous term

Quality Engineering Co-op, Toyota (TMMI), Princeton, IN Fall 2024

- Created standard for 1500 long-term storage part confirmation, preventing indefinite production freeze
- Analyzed defects to Toyota quality standards across 170+ parts, visiting four suppliers in four different states
- Maintained mentor relationship across co-op and school terms through regular biweekly meetings
- Designed and fabricated vehicle components for plant motorsports team using Inventor
- Inspected critical safety retrofit to repair 180 vehicles in four days

Electrical Engineering Co-op, Copeland, Sidney, OH Spring 2024

- Designed and fabricated prototype electrical schematic for merger of two products to safety standards
- Developed microcontroller C++ code to prevent compressor damage by timing events based on sensor output
- Led a committee of peers to plan, finance, and host five months of networking and volunteering events

IT Support, Sacred Heart Schools, Louisville, KY Summers 2020 – 2024

- Earned flawless client service ratings across 200 tickets
- Devised maps to document machines throughout eight multistory buildings

Network Technician, FocustApps, Louisville, KY November 2020 – August 2022

- Managed skateboard mold construction, saving three hours of production time per section
- Fabricated 3D printer enclosure cart adding storage and thermal stability to machine

ACTIVITIES & LEADERSHIP EXPERIENCE

Editor, Wikipedia February 2025 – Present

- Correct mistakes in phrasing, grammar, and spelling throughout 50+ encyclopedia articles

Co-op Peer Mentor, University of Cincinnati January 2025 – May 2025

- Advised students on job search tactics and resume strategies through drop-in hours and presentations

SKILLS

Computer Software: Microsoft Excel, Inventor, Fusion360, Linux, MPLAB X IDE, C++, VBA, MATLAB, Java
1819 Innovation Hub: Wood A, Metal A, Powder Coating, Sewing, and Desktop CNC Certifications

AVAILABLE FULL-TIME SUMMER 2027
